In Thunderstone, we listen and sing attentively. Feel the effects and know the pleasure. Study the acoustics properties before the final selection. Multi angled drivers are specially tuned to precise angles to reflect sound, enveloping your singing experience. With 4 tweeters delivering 2k-20k, it does not feel pitchy, instead it brings out your actual clarity of your vocals. The base driver itself is a 10" Woofer producing deep and warm notes. Overall 48Hz-20Khz will cover your entire spectrum.

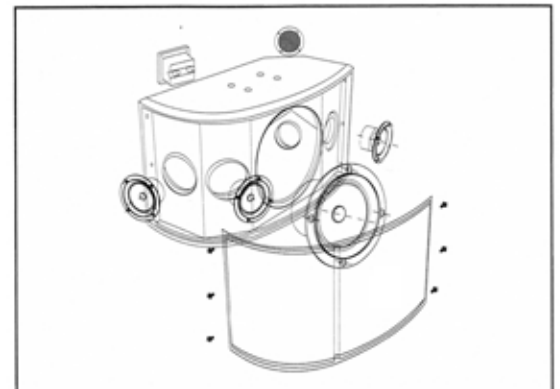

In Thunderstone we know how to Sing thats why we can feel how you felt.

Hanging Instructions

Please use LVA Speaker brackets. Avoid mounting close to walls. Leave a 3 inch distance from walls

Skeleton Structure

\*Tip: Constantly use your speakers as it will soften the rubberise ring attached to the driver cone. Rubber may become brittle for unattended use
